

keyword □ optical module optical communication jumper Optical Amplifier data center cabinet component

SUMMARY

Products own six kinds of documents, there are in common and each have different specifications. It covers each plate of the optical communication field and related to components □ including various specifications optical module jumper components cable special fiber optic cable fiber boxes optical fiber quick connector etc.

Products □

1、 □ Brief Optic Products

SFP + SR / LR / ER/ ZR SFP+ BIDI SFP+ CWDM/DWDM X2 Transceivers

Fiber Jumper | Attenuator | Adapter BOSA ITOSA | ROSA

More details >> pls download the documents □

2、 Data Centre □ Optical Communication Products

Data Centers need 10G/40G/100G/120G optical modules and active optical cable (AOC), DAC to realize high speed interconnection.

More details>>pls download the documents □
